

VIRGIL T. GARWOOD

Virgil Garwood has a long and distinguished career in industrial operations and security. He has managed security operations at industrial facilities in the United States, Canada and Mexico. Mr. Garwood won a corporate achievement award from Pilkington Libby-Owens-Ford Toledo for his outstanding contribution as corporate director of property protection. Under Virgil's leadership, many of his former employers experienced all-time low absenteeism within the security officer ranks.

Mr. Garwood's breadth of experience includes the establishment of multi-plant security programs for a company with 114 locations. He has managed security at locations involving in-house security officers, as well as those where such officers were provided via outsourcing contract. Garwood's security management experience spans both union and non-union environments. He has also managed internal company investigations of impropriety in many states.

He has extensive management training in security officer operations and proprietary contract security services. Mr. Garwood is ISO 14000 certified in quality standards.
