CHAMBER GOES TO CHINA

As part of a 70-member Charleston Area Alliance/Chamber group, Bill Signorelli travelled to China in April. The purpose of the trip was both business development and cultural. The CAA visited Beijing, Shanghai, and two other cities; all over 10M people each. Besides meeting with local business leaders, Bill climbed The Great Wall, entered the Forbidden City, saw the Summer Palace, walked Teinamin Square, sipped tea at a tea plantation, rode a 260 mph Maglev train, and witnessed silk production. He stated that it was an unbelievable experience to see firsthand the contrast of "old vs. ultra-modern", "state wealth vs. mass poverty", and greet the very friendly Chinese people. Bill stated that they continually heard how the Chinese wanted to be "just like the Americans!" Mr. Signorelli is the former Chairman of the Charleston Chamber, and currently serves on the Executive Committee of the Board of Directors of the Charleston Area Alliance.
